The Honorable Sam Nunn

Dear Senator Nunn:

Thank you for contacting us on behalf of your constituent, Mr. Tobie H. Wilson, Jail Administrator, Lamar County Detention Center, regarding the Commission's Billed Party Preference (BPP) proceeding. On May 19, 1994, the Commission adopted a Further Notice of Proposed Rulemaking in this proceeding. I have enclosed a copy of the Further Notice and press release accompanying it for your information.

The Further Notice sets forth a detailed cost/benefit analysis of BPP. This analysis indicates, based on the available data, that the benefits of BPP to consumers would exceed its costs. The Further Notice sought comment on this analysis and asked interested parties to supplement the record concerning the costs and benefits of BPP. The Further Notice also invited parties to recommend alternatives to BPP that could produce many of the same benefits at a lower cost.

The Further Notice also explicitly sought comment on whether correctional facility telephones should be exempt if BPP is adopted. Specifically, the Further Notice sought additional information on the effectiveness and costs of controlling fraud originating on inmate lines with or without BPP. The Further Notice also sought comment on a proposal to exempt prison telephones from BPP if the operator service provider adheres to rate ceilings for inmate calling services.

BPP would not preclude prison officials from blocking or limiting inmate calls to specific telephone numbers in order to prevent threatening and harassing calls. Moreover, BPP would not affect the ability of prison officials to limit inmates to collect calling or to program telephone equipment at the prison site to block certain numbers.

Reply comments were due September 14, 1994. Presently, the Commission is evaluating the comments submitted and considering the implementation of BPP along with other options. I can assure you that the Commission will carefully examine all of the comments submitted in response to the Further Notice, including additional empirical data regarding the costs and benefits of implementing BPP and the impact of BPP on telephone service from correctional facilities.

Thank you for forwarding Mr. Wilson's correspondence to us and for your interest in this proceeding.

Sincerely yours,

Honorable Senators and Representative,

Please let it be known that I am against billed party preference for
OT INTERLATA CALLS.

1. We will lose blocking control of our inmates phone calls.
2. We will lose revenue stream and the inmate family phone cost could go up.
3. The potential for fraud will creep back into the system.

Along with these major concerns, we also see a problem with who is going to pay for all this. We eagerly oppose the BPP and encourage the FCC to do the same.

Respectfully submitted.
